

CURRICULUM VITAE

Dr. R. GNANARAJA

R&D Division, Regenix Super Speciality Lab
Loganather Nagaer 1st Street, 100 feet road
Cholaimedu Chennai-26.

Mobile No: 8428778725

Email: rgnanaraja@gmail.com

Career Objective

Aspire to become a successful professional par excellence, and thereby explore new horizons in various domains. To expand my proficiency and knowledge in the given project, hence serve to the best of my ability.

Academic Qualification

Duration	Course	Name of the University/ College	Percentage/Grade
2011 -2015	Ph.D. Biochemistry	SHIATS, Deemed to be University, Allahabad India	A Grade (Under UGC regulation 2009)
2005 -2007	MSc. Biochemistry	Bharathidasan University, TN India	63.2% A Grade
2002-2005	BSc Biology	Bharathidasan University, TN India	62.4% A Grade

Experience

Academic Qualification Duration	Position	Name of the Institute	Experience in Year
2015 to till the date	R&D Division	Regenix Pharma and Super speciality Lab Chennai	6 months
2011 – 2015	Teaching Associate	Department of Biochemistry, SHIATS, Deemed to be University, Allahabad, U.P.	3.5 years
2014 - till the date	Honorary Journal Editor	International Journal for Research and Development in Technology	1 year
2011- till the date	Honorary Journal Editor	Journal of Biology and Life Science, Marcrothink Institute, United States	3 years
2009 -2011	Research Fellow	St.John's College Agra,U.P. India	2 years
2007 -2008	Biochemist/Technologist	Apollo Hospital Chennai, India	1 years

Research Publication

1. **Gnanaraja, R and Prakash, V (2014):** Preventive Effect of Tephrosia Purpurea Against N,N-Diethylnitrosamine Induced Hepatocellular Carcinoma In Swiss Albino Mice. *Journal of biology and life science*, vol 6(2), pp 1-9.
2. **Gnanaraja, R, Veeru Prakash, Shanta Peter and M. Mahendraverman (2014):** Qualitative and quantitative phytochemicals analysis of selected fabaceae medicinal plants from Allahabad region. *The Pharma Innovation Journal*; 3(7): 53-56.
3. **Gnanaraja Rajarethinam, Veeru Prakash and And Mahendraverman (2014)**Antitumor activity and in vivo antioxidant status of T. purpurea against DENA induced hepatocellular carcinoma in swiss albino mice. *Indian J.Sci.Res.* 9 (1): 022-027.
4. Mohd Nayeem Ali, S.G.M. Prasad, **Gnanaraja R**, P. Srivastava, M. Ibrahim, Avinash Singh
5. **(2014):** Assess the antioxidant activity of herbal ice cream prepared by using selected medicinal herbs. *The Pharma Innovation Journal*; 3(7): 57-59.

Conferences

1. **Gnanaraja, R (2013):** Intellectual property and innovation management in knowledge era. SHIATS, 7th Nov.
2. **Gnanaraja, R (2014):** Advances in analytical Techniques, SHIATS, 6th March 2014.
3. Ibrahim, M; Upadhys, S and **Gnanaraja R. (2013):** Studies on quality parameters of sweet soya dahi with incorporation of starch. Novel approaches in formulation of functional foods, WSFDT, SHIATS, PP-28.
4. Peter S; Neerja S and **Gnanaraja R. (2013):** Development of bajra fortified biscuit. Novel approaches in formulation of functional foods, Warner School of Food and Dairy Tehnology, SHIATS, pp. 22.
5. Yuvraj S; Mangal, P; Chandra, R and **Gnanaraja R. (2013):** Chemical study on Gulabjamun from khoa filled with potato pulp. Novel approaches in formulation of functional foods, Warner School of Food and Dairy Tehnology, SHIATS, pp. 26.
6. **Gnanaraja, R (2007):** UGC Sponsored National Seminar on “Emerging Trends of Biotechnology in the Medical Scenario” in the Department of zoology Nirmala College of women Coimbatore held on 27 th and 28 th February 2007.
1. **Gnanaraja, R (2007):** One day Regional conference on Fern Diversity of India Sponsored by Ministry of Environment and Forests, Govt of India held on 24 th February 2007 in St.Xavier’s college and St.Joseph’s College Trichy.
2. **Gnanaraja, R (2007):** UGC sponsored National Symposium on Need Based Modern trends in Ethnomedicine Research (Ayush remedies-2007) presented paper on paper
3. “Antimicrobial and Phytochemical analysis of Calotropis Gigantia,” held on Kongunadu arts and science college Coimbatore-641029.

8. **Gnanaraja, R** (2006): One day National Seminar on Thrust areas in Biotechnology 19 th September organised by The Department of Biotechnology held in Bishop Heber college (Accredited with five star status by NAAC).
9. **Gnanaraja, R** (2006): Two day national seminar on emerging trends in Microbial diseases and Traditional system of medicine MICROGALAXY-2006 Sponsored by
4. ICMR, New Delhi presented paper on “Phytochemical and Microbial activities of *Caselpinea bounduc*”

Research Projects

1. Preventive Effect of Tephrosia Purpurea Against N,N-Diethylnitrosamine Induced Hepatocellular Carcinoma In Swiss Albino Mice. Under the guidance of Dr. Veeru Prakash.

The salient features include Hematology studies, Clinical studies, Molecular studies and Histopathology studies. The project mainly focused cancer patient under starved and normal diet condition changes in clinical and physiological changes.

2. Identifying and screening of Indian medicinal plants and their role in alternative medicine against Dermatological fungi. Under the guidance of Dr. (Mrs). Geetha Singh

The salient features include Screening of medicinal plants, Identification of Bioactive compounds, isolation of microorganism through methods and characterization of microbes through molecular techniques. The project mainly focused alternate medicine against Fungal dermatological infection. The project sponsored University Grand Commission (UGC) New Delhi. Grand Amount : 8.2 laks

3. Identification and screening of active compound from vegetables. Under the guidance of Dr. Veeru Prakash.

The salient features include Screening of vegetable from different region, Identification of Bioactive compounds and application of vegetable to society.

4. Evaluation of Hepatoprotective (Liver damage) Activity of *Calotropis Gigantea* (L). Under the guidance of Prof Dr. J.Jayachandran. In the study, the salient features include Quantitative Analysis of Liver enzymes in Hepatotoxicity Induced Mice, Phytochemical screening and Microbial activities

Skills and relevant Experience

Organization skills: Organized one day Nation Seminar on “Need based modern trends in Nutraceutical research” on 25th February, 2015 at SHIATS, Allahabad. (**Organizing secretary**)

Technical laboratory skills: Molecular biology techniques: Cell culture, Cloning, Western blot, RT-PCR, qPCR, Flow cytometry, Immunohistochemistry, Fluorescence microplate reader, Confocal microscopy, 2D electrophoresis and Construction of knock-in targ In-vivo biology: Animal husbandry, Genotyping, Dosing, Xenograft models, and Intracranial models.

Project Management skills: Set priorities and handle multiple assignments and tasks Flexibility and ability to adapt to changing conditions and work assignments.

Communication skills: Communicating ideas clearly and efficiently in a variety of mediums through listening, clarifying, and responding comprehensively strong presentation skills.

Interpersonal Abilities and Teamwork skills: Excellent in establishing good relations with my colleagues Working well with people from diverse backgrounds Effective in working within a group Monitoring the success of projects and identifying ways to improve them

Additional skills

Operating Systems: Windows Good knowledge of Microsoft Office applications: Word, Excel, Power Point Experienced user of Endnote, Sigma Plot, GraphPad, Origin 6 **Languages:** English (fluent in speaking and writing) Hindi (intermediate) Tamil (mother tongue)

Personal Details

Father's name : A. Rajarethinam
Date of birth & Age : June 26, 1984 & 29 Yrs
Gender : Male
Marital status : Married
Nationality : Indian
Religion : Christian
Permanent Address : Santhi nager puthukudi Poovalur (Po), Lalgudi (Tk)
Trichy (DT) Tamilnadu 621712
